

## Lookit Access Agreement

The undersigned Institution wishes to allow its Authorized Investigators identified below ("Authorized Investigators") to access Lookit.

Lookit is an online platform for conducting developmental research studies developed by MIT's Early Childhood Cognition Lab. IRB approval is not required for access to Lookit; however, IRB approval is required to collect data using Lookit.

By signing this Access Agreement, effective as of the date entered below, both the Institution and Authorized Investigators hereby agree to its terms, including those found on the Lookit Platform, and hereby acknowledge receipt of and agree to be bound by such terms, including those provisions regarding the contribution and use of data by the Authorized Investigator(s). The Lookit Platform terms and conditions may be amended at any time. In addition, the Institution and Authorized Investigators hereby agree to use Lookit and data obtained through it exclusively for the purpose of scientific research or education under an academic, research, government, health, or commercial entity (but in the last case, solely for non-commercial purposes).

By signing this Access Agreement, the Institution verifies that (a) it maintains an ethics or Institutional Review Board with U.S.-equivalent standards that reviews and approves research involving human subjects, (b) the Authorized Investigator(s) have ethics training that addresses human subjects policy and issues, (c) the Authorized Investigator(s) are eligible to conduct independent research at this Institution and the Institution accepts responsibility for its Authorized Investigators' actions related to the use of Lookit, and (d) the person executing this Access Agreement on behalf of the Institution has the authority to do so.

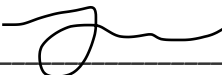

The Institution and the Authorized Investigators agree that MIT bears no responsibility for the use of Lookit or the information contained within it. The Institution indemnifies and renders harmless MIT from all claims, losses, liability, and other damages that arise from the Institution's or Authorized Investigator's violations of this Access Agreement or use of the Lookit Platform. In cases where the Institution is prohibited by law from indemnifying third parties, the Institution agrees that it will be responsible for the payment of claims, including for loss, personal injury, death, property damage, or otherwise, arising out of any act or omission of its employees or agents in connection with the performance of this agreement for which it is held liable under applicable law.

It is understood and agreed that this document shall constitute a separate agreement between MIT and the Institution, as amended from time to time by the Institution and MIT, to include additional Authorized Investigators.

As an Investigator, I acknowledge that I have read and understand the terms of this agreement.

Name and title of Authorized Investigator: Dr Caspar Addyman  
Signature of Authorized Investigator:   
Date: 7 March 2019

As the Authorized Institution Representative (AIR), my signature below indicates that I have authority to bind my Institution under this agreement.

Institution: Goldsmiths, University of London  
Name & Title of AOR: Prof Jan de Fockert, Co-Head of Dept  
Signature of AOR:   
Date: 7.3.19
